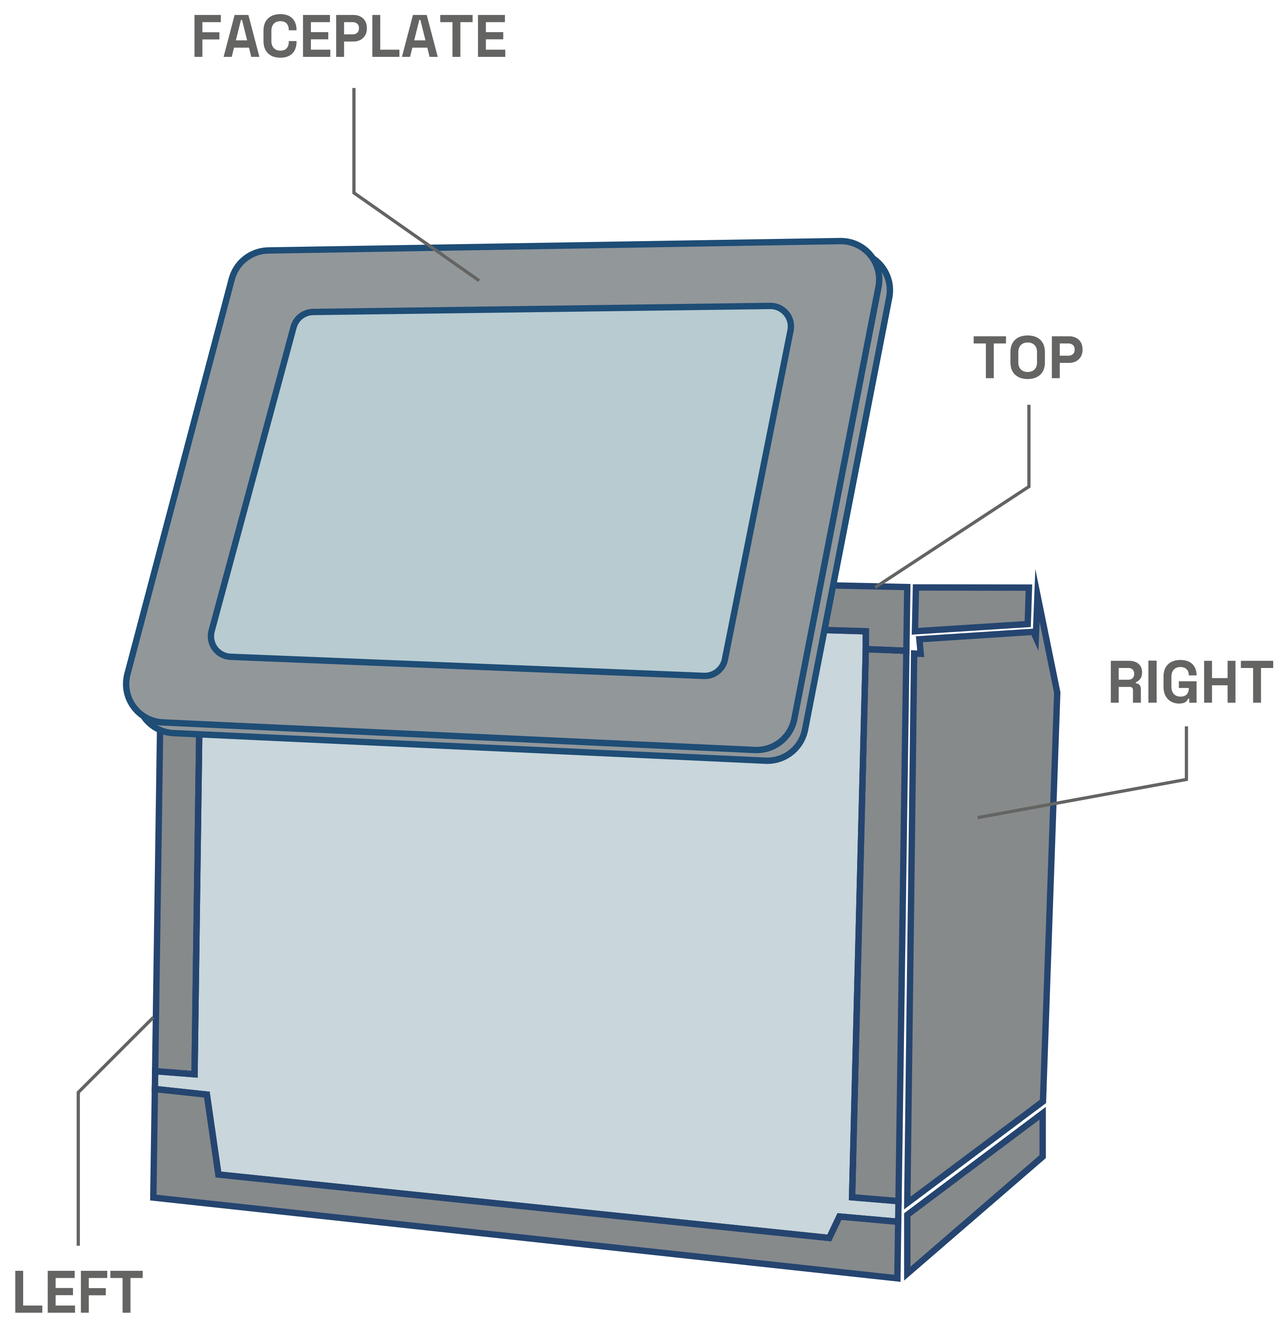
TEMPLATE FOR

# Event Kiosk Plus™

## with Rokku iPad 10.2″ Faceplate Landscape



## General Tips

- Place your artwork within the blue lines, on the "Your Design" layer (available as a layer in Ai)
- Edit and save your files in **CMYK**
- Outline all text before saving (select all layers, under the "Type" menu select "Create Outlines")
- Use vector artwork for best results. Images in your design should be **300ppi** or higher
- We recommend saving as a **PDF/X-1a**

Questions? Email or call us **choose2rent.com/contact**

## Bleed Zone

Make sure your background extends 0.125" to fill the bleed and avoid white on edges when trimmed. We recommend a common top to bottom bleed color to avoid possible color mi-salignment along perforation.

## Trim Zone

Where your art will be cut

## Safe Area

Make sure to keep important aspects of your design such as logos and text within the safe area.
