TEMPLATE FOR

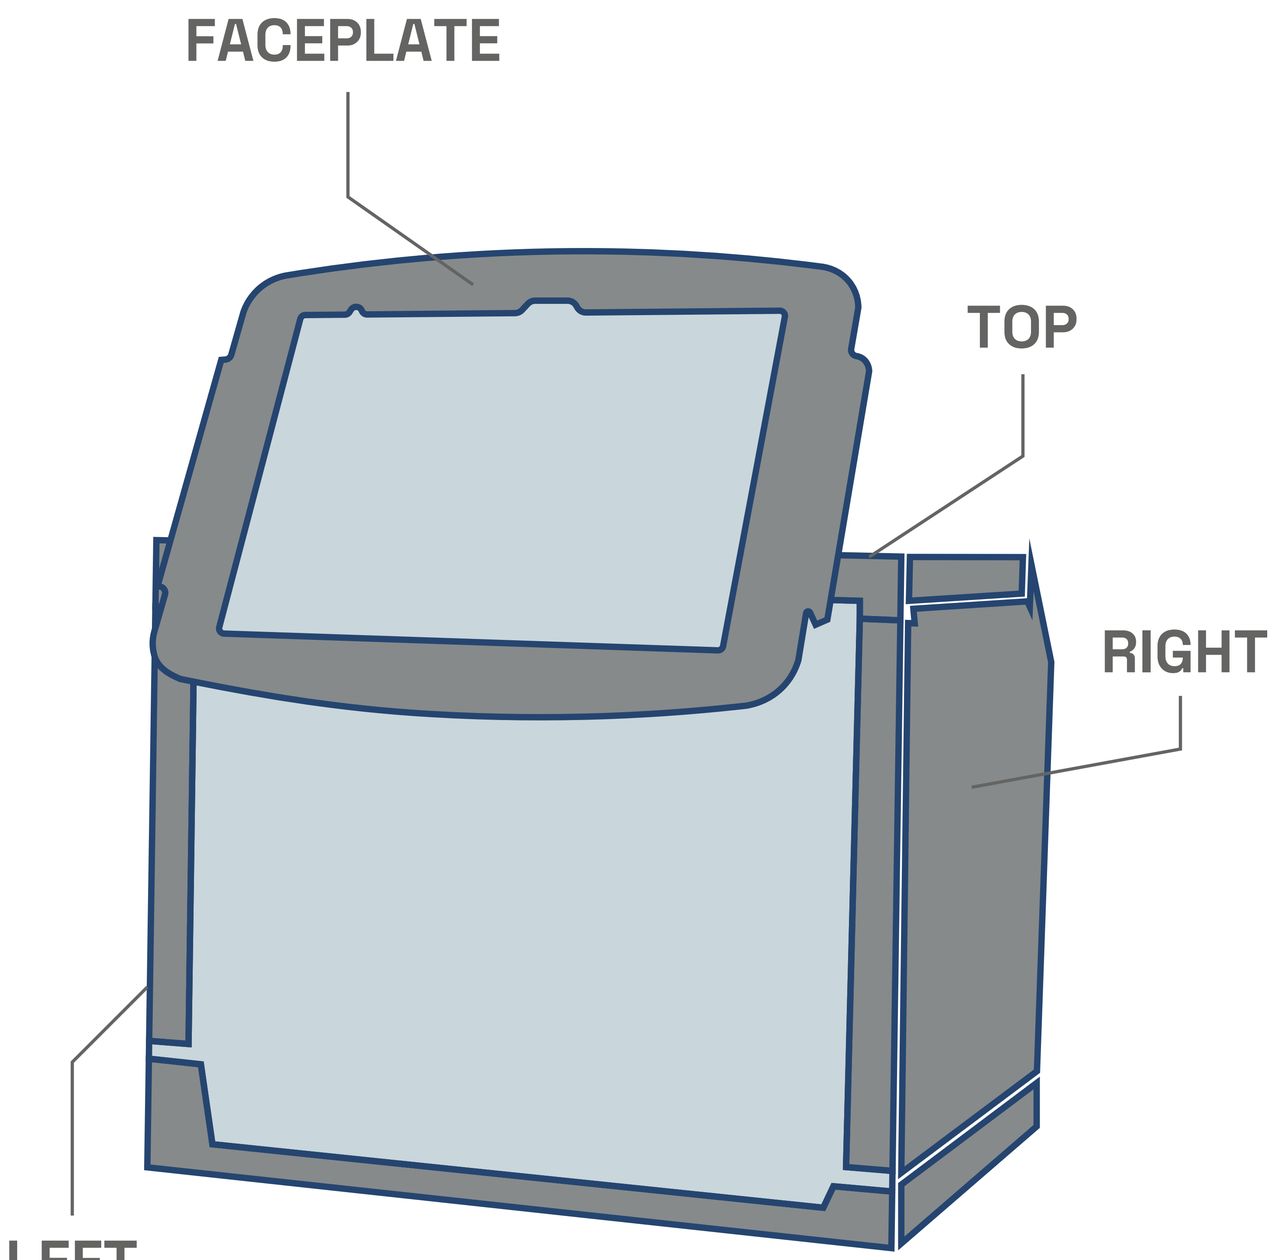
Event Kiosk *Plus*™

This document includes 7 templates according to the product type and size used for the faceplate. Please note that Rokku is only available in black and Space is available in black and white.

General Tips

- Place your artwork within the blue lines, on the "Your Design" layer (available as a layer in Ai)
- Edit and save your files in **CMYK**
- Outline all text before saving (select all layers, under the "Type" menu select "Create Outlines")
- Use vector artwork for best results. Images in your design should be **300ppi** or higher
- We recommend saving as a **PDF/X-1a**

Questions? Email or call us **choose2rent.com/contact**



Bleed Zone

Make sure your background extends 0.125" to fill the bleed and avoid white on edges when trimmed. We recommend a common top to bottom bleed color to avoid possible color mi-salignment along perforation.

Trim Zone

Where your art will be cut

Safe Area

Make sure to keep important aspects of your design such as logos and text within the safe area.
